Ref.:

NOTIFICATION TO THE PARTIES

No. 283

Gland, 15 March 1984

CONCERNING:

UNITED REPUBLIC OF TANZANIA

Export Ban on Agapornis personata

1. The Management Authority of the United Republic of Tanzania has informed the Secretariat that, due to the observed population trends of the yellow-collared lovebird (Agapornis personata) in Tanzania, trade in this species is banned until further notice.
2. The Management Authority of the United Republic of Tanzania and the Secretariat urge the Parties to take these provisions into consideration and to communicate to the Secretariat for authentication a copy of any export permit for the above-mentioned species purportedly issued by this Management Authority or any of its regional stations.
