

CONVENTION ON INTERNATIONAL TRADE IN ENDANGERED SPECIES
OF WILD FAUNA AND FLORA

Fifteenth meeting of the Conference of the Parties
Doha (Qatar), 13-25 March 2010

Committee II

Enforcement matters

DRAFT REVISION OF RESOLUTION CONF. 11.3 (REV. COP14)

This document has been prepared by the Secretariat on the basis of document CoP15 Doc. 25, approved as amended by Committee II at its sixth session.

COMPLIANCE AND ENFORCEMENT

The following amendments to the Resolution were agreed:

Preamble

New paragraph to be entered immediately prior to the third 'AWARE', to read:

RECOGNIZING that the use of dogs in combination with other tools will increase the chance of detections and seizures; that detector dogs can detect items that can not be detected by other tools; and that a dog-handler team is highly effective in searching people and cargo or luggage in a short time.

Regarding communication of information and coordination

New paragraph i) (subsequent paragraphs to be re-numbered), to read:

Parties with existing detector-dog programmes share knowledge and experience with those Parties that may be interested in developing and implementing such programmes;

Regarding additional actions to promote enforcement

New paragraph a), v) (subsequent paragraphs to be re-numbered), to read:

using wildlife detector dogs;
