IDENTIFICATION MANUAL  
REPORT OF THE PLANTS COMMITTEE

1. This document has been submitted by the Chair of the Plants Committee on behalf of the Committee\*.
2. At PC20, the Committee received the Progress report of the Working Group on the Bigleaf Mahogany and Other Neotropical Timber Species (Decisions 15.91, 15.92). The Chair of the Working Group on the Bigleaf Mahogany and Other Neotropical Timber Species, presented the document PC20 Doc. 19.1. He thanked all those involved in the fourth meeting of the Working Group held from 7 to 11 November in Petén, Guatemala, and drew attention in particular to the recommendations emanating from that meeting, which were to be found in paragraph 36 of the document.
3. The Committee established a drafting group (PC20 DG1), chaired by the Chair of the Working Group on the Bigleaf Mahogany and Other Neotropical Timber Species, with the following mandate: Propose recommendations for the Plants Committee to consider presenting to CoP16 based on the recommendations in document PC20 Doc.19.1. As result, the Committee discussed the documents PC20 DG1 and PC20 Com.3.
4. Based on document PC20 Com.3, the Plants Committee adopted two draft proposals of Decisions for consideration by the CoP16 included in the Annex of the present document. The aim of the draft Decision is to improve the identification and guidance material and to increase their accuracy and availability to the Parties.
5. The CoP16 is invited to consider the two draft proposals included in the Annex at the present document and to adopt them.

COMMENTS FROM THE SECRETARIAT

- A. The Secretariat supports the document submitted by the Chair of the Plants Committee on behalf of the Committee and recommends that the proposed decisions be adopted.
- B. However, it offers the following editorial suggestions to the proposed text of Decision 16. XX to reflect the resources required to update and improve the CITES Wiki Identification Manual, as follows (proposed new text is underlined):
