	<p>5) The Decree of the Minister of Environment Protection and Natural Resources of Georgia No.441, June 6, 2006 on approval of permit form of Export, Import, Re-exspport and transit of the speciemns of Enadangered species of wild flora and fauna</p>	<p>annuled by Decree of the Minister of Environment Proetction and Natural Resources of Georgia No. 11 January 7, 2007 on approval of permit form of Export, Import, Re-export and Introduction from the Sea of the Specimens (their parts and derivates) of the Species Included in the Appendices of the CITES</p>				
	<p>Brief description of contents:Until 2005 there had been no national legislation on CITES related issues in Georgia and export, import and re-export permits had been issued directly according to the articles of the convention. In 2005 the Georgian Law on Licenses and Permits was adopted. This Law was pioneer in Georgian legislation establishing that the export, import, re-exports and introduction from the sea of the specimens of species included in Appendices of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) requires appropriate permits. The rules and provisions for issuance of these permits was determined by the Regulation of the Georgian Government #96, May 31, 2006. This provisions were almost the same as required by CITES. In case of commercial trade in Galanthus and Cyclamen speciemns, priority was given to those exporters who had already concluded an agreemnt with importer on the highest price. This was caused by fact that demand on Galanthus export was more than export quota (18 mln bulbs). It should be take into account that this condition is not considered since 2007.</p>
